2025 Is Here!

Did you know that in **Article II section 3 UDC Bylaws** states that **NO** Board of Directors officers, members, and ex UDC officers shall receive any revenue and **NO** net earnings of UDC will be distributed among any UDC member or private persons? It is a really big deal for UDC members and participants. Anybody know why that is important? It's important because any revenues generated by UDC are used to provide **accessible nature's majesties** for the members of UDC and other members from the deaf communities.

In 2024 2/3 of the revenues made by UDC were spent on events, cornhole equipment maintenance, website fees, licensing fees, meals, security deposits, equipment, supplies, and so on. The remainder or 1/3 of the revenues were put aside for operation expenses and/or other business related expenses.

Having said that, it is the Board of Directors goal in 2025 to generate more revenues than 2024 to continue supporting UDC's mission on providing accessible nature's majesties for all members of the deaf communities here in Utah.
